International Ventilator Users Network is an affiliate of Post-Polio Health International, a not-for-profit, headquartered at 4207 Lindell Boulevard, #110, St. Louis, Missouri, 63108, USA.
HEALTH PROFESSIONALS committed to and experienced in long-term home mechanical ventilation are listed below. Included are physicians who are specialists in rehabilitation, pulmonology, sleep and/or internal medicine; registered nurses; respiratory therapists; sleep laboratory technicians; and communication and speech pathologists.

Special interests of these health professionals, such as muscular dystrophy, post-polio, ALS, SMA, CCHS, spinal cord injury, etc., are noted in parentheses. Arrangement is alphabetically by country/state, then by province/city, and, finally, by name.

In the USA, the health professionals who work with home care companies supplying durable medical equipment (DME) for respiratory care are listed in a separate section on p. 20. The agencies that provide nurses, respiratory therapists and aides to work in the home are listed in a separate section on p. 24.

VENTILATOR USERS, NETWORKING

Long-term home mechanical ventilation users are an excellent resource for information about day-to-day living with a ventilator, and are willing to offer their experiences and wisdom. Below is a list of places to start to learn more about home mechanical ventilation, the equipment, and to become connected with others.

INTERNATIONAL VENTILATOR USERS NETWORK (IVUN)

Home Ventilator Guide
A comprehensive online resource (pdf format) that displays technical information about the world’s home ventilators in charts that are easy to read and make comparing home ventilators more convenient.
www.ventusers.org/edu/HomeVentGuide.pdf

IVUN’s Ventilatory Equipment Exchange
People who want to donate ventilatory equipment and aids can advertise their offerings. People who need older equipment can view what is available and make arrangements for the equipment exchange and/or submit their equipment needs. www.ventusers.org/net/ventexch.html

Can You Help? and What Works for Me
In these sections of IVUN’s website, ventilator users can ask questions and respond to questions posted at www.ventusers.org/net/help1.html. The answers are screened for accuracy. What Works for Me, www.ventusers.org/net/what1.html, is a place where people can share their solutions for living with home mechanical ventilation. Questions, tips, adaptations, etc., can be sent to info@ventusers.org

VENTILATOR EQUIPMENT AND AIDS

The products listed below are for use in long-term home care. The manufacturers generally sell or lease their home care ventilators and related equipment through distributors such as home health care companies. In the USA, a physician’s prescription is necessary to obtain the equipment for insurance reimbursement. Many US companies have obtained the CE mark for the sale of their products in Europe. Some European companies have obtained FDA approval to sell their products in the USA. Please check the manufacturer’s website to determine availability of products in your area.

Manufacturers’ websites are listed in alphabetical order on pages 29-30.

ORGANIZATIONS, ASSOCIATIONS AND FOUNDATIONS  This listing includes many voluntary health organizations which are skilled at information and referral at the local level. They provide a useful link for both health professionals and ventilator users in locating the resources needed to live at home with a ventilator. Many publish newsletters and magazines with occasional articles of interest to ventilator users. They are arranged alphabetically by country, then by organization.

**VENTILATOR CARE FACILITIES**

The following facilities have been identified (but not endorsed by IVUN) as providing short, long or transitional care in a residential or skilled nursing facility for children and adults who use ventilators, either via a tracheostomy or a noninvasive interface. Many have specialized units for weaning critical care patients from a ventilator. Others provide general trach care, but do not have specialized units. They are arranged alphabetically by country, state, county and then by organization name.
